IDEAL LINES – WORK ON PAPER

1 November – 30 November 2019

Ikastikos Kiklos DL presents on **Friday 1 November 2019** the **solo exhibition** of **Ioannis Lassithiotakis** titled « **IDEAL LINES – WORK ON PAPER** ».

This exhibition forms part of—and sequel to—the Ideal Lines series that was presented at the DL Gallery in November 2018. It is the fundamental part of my exploration of the abstract language and its potential on which I embarked some four years ago.

The small-scale works on paper in this exhibition are personal notes, ideas and thoughts intended to become the raw material for new series, and they are often developed into large-scale pieces. The selection criteria vary, and in their larger versions these works change to suit the requirements of the materials, the scale, the gesture, etc. This is why they are unique.

These small "temperas" afford the opportunity for experimentation, spontaneity and freedom. They are visual stimuli which indicate the progress of the project as they unfold like nuclei of creative explosion.
